

ENTRY REQUIREMENTS

PCM is a global project controls community welcoming professionals from every discipline to share and contribute their experience for the successful implementation of all projects across the globe. We aim to become a pivot for this community, offering a growing library of education, inspiration and information.

We are currently recruiting for local volunteers to join the growing geographical network of moderators. If you have at least 5 years of experience in the industry and wish to lead your local community for sharing new ideas and initiatives, you are eligible to apply.

Who volunteer's with us:

- Project Controls Engineers
- Cost Estimators & Engineers
- Planners & Schedulers
- Planning Engineers
- Tendering Managers
- Programme Directors / Managers
- Project Leaders / Directors / Managers
- Project Managers
- BIM Professionals
- Risk Engineers / Managers
- Project Engineers
- Delay Claims Analysts
- Any other Professional related to project controls

**Connect share and grow for the community by
